Tenth Notice Regarding the Influence of Novel Coronavirus (COVID-19)

ROHM Group would like to express our sincere sympathies to all those who have been affected by a novel coronavirus and those who are difficult to spend a daily life due to the infection spread.

Below are the current situations of each ROHM Group manufacturing base.

1. ROHM Electronics Philippines, Inc.
Operations have been limited in accordance with the local government ordinance, but due to easing of restrictions resulting from negotiations with the relevant authorities, over 50% of production was able to be restored.
Address: Block 3 and Block 5, People’s Avenue,
People’s Technology Complex Special Economic Zone, Carmona, Cavite 4116 Philippines
Main Production Items: IC, Sensor/MEMS, Transistor, Diode, Resistor

2. ROHM-Weko Electronics (Malaysia) Sdn. Bhd.
Although the local government continues to restrict activities, normal operations have resumed with the permission of the relevant authorities. (No change from the 9th Report)
Address: Lot 1320 Kawasan Perindustrian,
Pengkalan Chepa II, Padang Tembak, 16100 Kota Bharu, Kelantan, Malaysia
Main Production Items: Transistor, Diode, LED

With giving first priority to the health and safety of employees, ROHM Group will continue to do our utmost to resume operations as soon as possible while having a thorough quarantine prevention system including temperature measurement, mask-wearing, and hygiene management.
