ESD Metal Wrist Straps RoHS Compliant AMWS Series

ESD Metal Wrist Straps are a premium band set featuring a high quality adjustable, one size fits all metal wrist strap band with an insulating outer surface and a coil cord. The band is standard with 4mm, machined male snap and provides a 360° conductive contact around the wrist, providing maximum skin contact. A shorter, swivel type banana jack increases coil life, prevents cord tangles and fits most bench grounds. It is uses highly conductive copper sulfide nylon thread for conductivity and it has a maximum resistance of 160 ohms. Comes with a 6 ft. or 12 ft. cord.

TYPICAL PHYSICAL PROPERTIES ⁽¹⁾

Banana	Swivel Type
Buckle	Black
Color	Black Metal Expansion Band
Resistor	1 meg ohm (+/- 5% tolerance)
Size	Band = Adjustable; Cord = 6 ft. or 12 ft. long

⁽¹⁾ Specifications are subject to change at any time for a variety of reasons. If you have any questions, please call for the latest update.
